DESIRE

'An outstanding Academician and Leader with a Visionary Outlook'

I have a strong desire with 25 years of long experience in Academics and expertise in Technologies to adopt Best Teaching and Learning Practices such as Choice Based Credit System, Industry Collaboration, Student & Faculty Exchange Programmes and State of Art Infrastructure Facilities in order to acquire **Multi-Disciplinary Knowledge** with **Industry Orientation** in a **Global Perspective**.

Dr. VSK Reddy

B.Tech, M.Tech, Ph.D (IIT-KGP), FIETE, MIEEE, MISTE, MCSI
Vice Chancellor

The salient features and strengths of the University:

CHOICE BASED CREDIT SYSTEM

University offers the facility of **CBCS**, which offers flexibility to the students to choose courses of their choice with the benefit of acquiring **multi-disciplinary knowledge**.

- To open the pathways for learning opportunities, Malla Reddy University is catering to the expectations through a student-centric approach of learning with a flexibility to choose their course among 4 verticals with numerous Courses at UG Level.
- A faculty advisor to be appointed to guide all the students from various domains to apply their knowledge base on par with latest trends in technology.

INDUSTRY COLLABORATION

University strongly believes in establishing Collaboration with the industry to enable the students to **acquire practical knowledge** in addition to their normal curriculum.

- University deriving its strong base of accreditations with Industry through its existing mechanism of Industry Institute Partnership Cell.
- University believes in enhancing the student Professional Learning outcome through numerous Industry Training Programmes at all levels.
- University encourages its faculty and students to interact with industry in all possible ways with the spirit of deriving mutual benefit.
- Memoranda of Understanding between the University and the Industries to bring the two sides closer.
- Participation of experts from industry in curriculum development

STUDENT/FACULTY EXCHANGE PROGRAMMES

MRU firmly believes in faculty/student exchange programmes with reputed Foreign Universities and other premier National Institutions with a view to broaden their **knowledge in a global perspective**.

- Students and Faculty would be having a unique opportunity at MRU to interact with Foreign Universities and premier National institutions, which creates a greater bond among these institutions and derives an opportunity to exchange ideas.
- This is one of the ways to take advantage of the benefits of diverse faculty.
- Collaboration with reputed Foreign Universities to develop a mechanism for a short term faculty exchange program.
- Accommodates the faculty to travel to the partner institution for a week, a month or a semester. In this duration the faculty will teach a class, meet with other faculty members in order to discuss future potential projects
- In the same direction the foreign professors are also expected to visit our University, stays for a semester to impart the cutting edge technology to our students.
- University offers a Dual degree with many distinct academic, professional, cost and time benefits, making it possible for students to diversify depending upon their desire.
- Students are provided to build a career with interdisciplinary knowledge and insight to create a lucrative career path in their life.
- University creates a distinctive mechanism to provide Major and Minor Projects to match the Industry needs through a strategic alliance with reputed Foreign Universities.

INFRASTRUCTURE FACILITIES

University with an abundant power of Management Body, has an enormous leverage for more **efficient and responsive infrastructure** with **State of art Technology** provided to the students faculty and staff alike

- Provision of Faculty and staff Quarters for good reach of students for an efficient learning mechanism.
- Creating a database through **Cloud Communication Server** within the campus for better use of library and laboratory resources viz., Journals, Research Articles and other Teaching Learning Resources.
- Exclusive Boys/Girls Hostels with a hygienic and effective learning environment.
- Accommodating laboratories with latest learning resources with the support of our Industry alliances.
- Latest software tools to develop a real time application oriented learning through **Cloud Computing Technology**.
- A blend of 24x7 offline and online education to interact with learning resources abroad.
